

D1.2 2 Catalogues

Project no. : 031713
Project acronym: MEDA GO TO EUROPE

Instrument: SSA

Starting Date: 1st November 2006

End date: 31st October 2009

Project Title: Enhancing the participation of Mediterranean countries in the area of Food, Agriculture and Biotechnologies in FP7

D1.2: 2 Catalogues

Due date of deliverable: M9
Actual submission date: M24

Version: updated version

Project co-funded by the European Commission within the Sixth Framework Programme (2002-2006)		
Dissemination level		
PU	Public	
PP	Restricted to other programme participants (including the Commission Services)	
RE	Restricted to a group specified by the consortium (including the Commission Services)	
CO	Confidential, only for members of the consortium (including the Commission Services)	X

<h2>Table of content</h2>

1. Summary	3
2. Description	3

1. Summary

This document gathers the list of Researchers and Industrials interested in participating in training sessions including Researchers areas of interest and consideration of gender distribution as well as catalogue of Researchers from academia & industry from Mediterranean countries and with consideration of gender distribution.

In fact, the two catalogues are merged into only one, as it was difficult to identify both catalogues independently, as the Researchers and Industrials willing to attend training sessions are the same than those willing to integrate European projects.

You will notice that the gender equity is not really respected as Researchers & Industrials are more often men than women.

2. Description
