

Montréal

Is it Paris in New York or vice versa? In any case, Montréal is an artist city, both bohemian and very uplifting. Montréal, Canada's Cultural Capital, is located in the southwest of the Province of Québec and is only a 5 to 6 hour flight from Kansas City, Lincoln, Denver and Europe.

With its multiculturalism, art, festivals, port and historical buildings, Montreal is a summer destination not to be missed!

Montréal

Important Dates

- The website will be launched in August 2011.
- Registration will open in January 2012.
- The deadline for short paper submission is **March 15, 2012**. Instructions and templates for paper submission will be posted on the website.
- Deadline for early bird registration will be June 8.
- Cut-off date for online registration will be July 27.

One-day option for companies to attend: the **CMSA Global Meat Quality and Safety Industry Day**, August 16, 2012

Three-day graduate student course from August 9 to 11, 2012

58th International Congress of Meat Science and Technology

THE HEALTHY WORLD OF MEAT

Student Awards Program

ICoMST 2012 will feature awards for best student oral and poster presentations. Details regarding the application process will be posted on the ICoMST 2012 website.

Call for Short Papers

ICoMST 2012 invites the submission of original research papers, written in English, on any aspect of meat science.

All short papers are to be presented as posters. Some will be selected by the Scientific Program Committee for oral presentation. Notification of paper acceptance will be made by **May 15, 2012**. Posters will be pooled for presentation according to the program session themes and the papers will be published in the 58th ICoMST Proceedings.

There will be only one call for submissions.

Make sure you receive all updates about the ICoMST program, exhibition, industry day, social events, etc. Send your email address to: icomst2012@jpd.com

August 12-17, 2012
Montréal, Canada

Hilton Montréal Bonaventure Hotel

The Canadian Meat Science Association and the Canadian Meat Council are proud to host the **58th International Congress of Meat Science and Technology** in Montréal, the largest city in "La Belle Province" of Québec! The world's most renowned specialists will explore the healthy world of meat from sustainable and environmentally sound production systems through to healthy products for the consumer. The latest developments in meat science including consumer trends, nutrition and health, quality, tenderness, biochemistry, microbial quality and safety, sustainability, and animal welfare will be shared.

ICoMST 2012, truly the place to be for those who wish to learn about state-of-the-art technologies used worldwide, will feature two special events. From August 9 to 11, 30 graduate students will have the opportunity to attend a course

lectured by world leading experts. Thursday, August 16 will be dedicated to topics that will address specifically our meat industry needs: the **CMSA Global Meat Quality and Safety Industry Day**.

With 28 plenary speakers, 21 short oral presentations and over 300 poster presentations, ICoMST 2012 promises to be a great opportunity to network with research scientists and exchange on the current challenges in the production of healthy meats!

From August 12 to 17, stakeholders and key players in the Meat Industry and the Research and Development communities will gather together at ICoMST 2012.

Staying at the Hilton Montréal Bonaventure will allow you to make the most of your congress experience. **Plan to join us! Mark your agenda right now!**
